

Friendship Request Policy

- MTBC will allow **one** reciprocal friend request per player at any level or age, per season.
- The request must be made by emailing friendshiprequests@mountaintigers.com.au and to be submitted by a parent of both players (where under 18) to be valid. Any submissions that are not reciprocated will not be considered.
- Friend requests will be accepted up until registration closes for the upcoming season, any requests submitted after close of registration will not be considered.
- Friend requests are dependent upon which grouping the players fall within after evaluations. A higher evaluated player may move down to meet the friendship request; a lower evaluated player cannot move up. Requests will be taken into consideration upon team formation at our selection night.
- Requests for a specific coach or to keep a team together will **not** be considered.
- A best efforts approach will be taken to facilitate reasonable and valid requests, however we are not able to provide a guarantee.

Requests must contain the following information, if all information is not provided the request will not be considered.

- Players name
- Age group
- Parents details
- Full name of friend being requested
 - Age group
 - Parent details.
